

Medication Simplified.

PillPack is a full-service pharmacy that makes it simple and convenient to take the right medications, at the right time.

PillPack.com/info · 855.745.5725 · hello@pillpack.com

PillPack is a pharmacy that makes it simple to manage medications. We do this in three ways:

Pre-sorted Medication, Delivered Free

Daily prescriptions, vitamins, and over-the-counter meds arrive pre-sorted in individual packets, so you will never have to sort a pill box again. Non-packet and as-needed medications are packaged separately. Everything arrives at your doorstep via certified UPS delivery.

Personalized Service

PillPack is the only pharmacy dedicated to making your life easier. PillPack pharmacists manage refills for you and are available via email, phone, or online chat 24 hours a day, seven days a week.

Information at Your Fingertips

As a PillPack customer, your online PillPack Dashboard makes it easy to control medication lists, track shipments, keep tabs on billing, and see a calendar of important dates. The PillPack Dashboard is intuitive and easy to use.

Simplicity

"PillPack is everything I was looking for to help my elderly Dad regulate his twice daily medication dosages. The system is clear and simple for any and all ages to understand. The packaging is ingenious. I highly recommend PillPack."

Beth T., Massachusetts

Convenience

"PillPack makes prescriptions much less of a chore. PillPack also makes traveling easy, and it was nearly painless to switch over to from my old pharmacy. Customer service is fantastic and there is no waiting in line. What's not to love?"

Gary O., Missouri

What to expect from PillPack

Peace of mind

"PillPack has simplified my life. Even after just a few weeks, I'm not questioning whether I took my meds or not. That speaks volumes."

Janet P., South Dakota

Friendly service

"I think your customer service is awesome. I love the chat feature online or that if you leave a message after hours someone calls you back right away."

Joanna S., Minnesota

How to get started with PillPack:

- 1 Go online and visit PillPack.com/info. Click "Get Started" to create an account.
- 2 Add your contact information and current medications. You can include vitamins and over-the-counter medications and edit this list at any time.
- 3 Enter your credit card and insurance information.
- 4 Click "Switch to PillPack" to begin using PillPack as your pharmacy.

That's it. Once you switch to PillPack, your PillPack pharmacist will get you set up and contact you for any final information. PillPack will then synchronize your medications and begin delivering them to your doorstep.

Note: insurance information is not required to create an account, PillPack can get that information from your old pharmacy after your account is set up.

Frequently Asked Questions about PillPack

How much does it cost?

With PillPack, your monthly co-pays are generally the same as at a retail pharmacy. There are no added fees and shipping is always free.

Can you include non-prescription medications in the PillPack?

Yes, we carry most vitamins, supplements and over-the-counter medications. Prices are typically the same as at a retail outlet.

How do you handle injectables, like insulin?

We have refrigerated packaging that we use to deliver insulin safely to your door.

My medications switch frequently. How does PillPack handle that?

We ship new medications every two weeks, and can overnight emergency supplies in between.

I have a lot of medication on hand already. Can I still switch to PillPack?

Yes, if you create an account today we will start including medications in your PillPack when your current supply runs out, or when a refill is available. Your PillPack pharmacist will make sure everything is included in your PillPack as soon as possible.

How do you handle controlled drugs?

PillPack does not fill schedule II prescriptions.

Where is the PillPack pharmacy located?

Our pharmacy is located in Manchester, New Hampshire and is licensed to ship medications to most states across the U.S.

What certifications and licenses does PillPack have?

PillPack has earned Verified Internet Pharmacy Practice Sites® (VIPPS®) accreditation through the National Association of Boards of Pharmacy® (NABP®).

It's easy to switch to PillPack and even easier to keep going.

There are no extra fees or hidden charges.
You pay only standard co-pays and shipping is always free.
